EDUCATION

GIFT University [6th Semester]

Bachelor in Home Economics and Interior Designing

Gujranwala, Pakistan

January 2022 – Continue

GIFT College

Intermediate in Computer Science

Gujranwala, Pakistan

Sep. 2019 – April 2021

EXPERIENCE

Interior Design Projects (Academic)

GIFT University, Gujranwala, Pakistan

- Applied design theories to real-life challenges in various academic projects.
- Worked on both residential and commercial spaces, gaining practical experience in diverse design environments.
- Developed skills in space planning to optimize functionality and aesthetics in interior layouts.
- Selected materials with a focus on sustainability, ensuring eco-friendly design solutions.
- Proficient in design tools including AutoCAD, SketchUp, and Lumion for creating detailed designs and visualizations.
- Collaborated with peers to deliver comprehensive design solutions, enhancing teamwork and communication skills.

PROJECTS

Corporate Office Design | *AutoCAD, SketchUp, Lumion*

- * Designed a corporate office room using AutoCAD for precise 2D planning and layout.
- * Created a detailed 3D model with SketchUp to visualize the workspace effectively.
- * Rendered the design in Lumion, incorporating realistic lighting and textures for enhanced presentation.

Master Bedroom Design | *AutoCAD, SketchUp, Lumion*

- * Designed a master bedroom using AutoCAD for precise 2D planning and layout.
- * Developed a 3D model in SketchUp to visualize the space effectively.
- * Rendered the design in Lumion, producing realistic visualizations that effectively showcased the project concept.

Generation Plan | *AutoCAD, Photoshop*

- * Developed detailed plans and elevations for the Proposed Generation Plan in AutoCAD.
- * Created 2D renderings using Photoshop to enhance the project's visual presentation.
- * Effectively communicated the design concept through visually engaging materials.

Outdoor Cafe Plan | *AutoCAD*

- * Developed a detailed outdoor café plan and 2D elevations in AutoCAD.
- * Incorporated entertaining spaces to enhance the guest experience.
- * Effectively visualized the layout and design elements, ensuring a functional and inviting space.

2D Rendering Plan | *AutoCAD, Photoshop*

- * Developed detailed floor plans for both the ground and first floors of a 10-marla house.
- * Incorporated Scandinavian-style materials to emphasize clean lines, natural textures, and minimalist aesthetics.
- * Effectively communicated the overall layout, showcasing the essence of Scandinavian design.

2D Patio Rendering Plan | *AutoCAD, Photoshop*

- * Designed an outdoor patio with a 70'x50' area, drawing inspiration from hexagonal shapes.
- * Emphasized modern geometric patterns in the layout, creating a visually striking and engaging design.
- * Successfully communicated the concept through detailed 2D renderings, enhancing the modern aesthetic appeal.

TECHNICAL SKILLS

Softwares: Coral Draw, Photoshop, AutoCAD, SketchUp, Lumion, Canva

Tools: MS Office
